Comment: (include Meter # if you have more than one meter on the property and any additional information necessary)			

I am aware that:

- The charge will need to be paid for before the meter is sent away to be tested.
- The meter is independently tested by a third party.
- If it turns out the meter is in working order you do not get a refund of the cost to have it tested.
- If the meter is faulty then you will get a full refund of the cost of having the meter tested and additionally Council will replace your meter and would work out an average usage and credit the difference.

Note:

- Please note that the charges are advertised in our fees and charges for the specific year.
- These charges may change year to year.
